NOTE.—Sales tax was levied as from 1st August, 1930. The "Amount of Sales" relates to sales by licensed wholesalers to exempted persons. Wholesalers trading only in exempt goods do not supply returns. Considerable numbers of commodities were exempt from tax in July, 1931, September, 1932, October, 1933, and August, 1934. This has adversely affected the comparability of the figures.

The amount of sales for individual months includes some sales effected in previous months.

\* Tax collected mainly upon sales in the month shown, but actually received in the following month. The rate of tax was 2½% from 1st August, 1930, 6% from 11th July, 1931, and 5% from 26th October, 1933.

NOTE.—These totals represent the amount of cheques drawn on a bank other than the bank in which they are deposited. They are an approximate measure of general business activity. Net balances of country settlements are included. Treasury Bill transactions on behalf of Governments are excluded throughout. Amalgamations mentioned in note to Table 46 (a) affected the comparability of figures since November, 1931. From March to May, 1932, banking operations of the Government of New South Wales were partly suspended.

NOTE.—This index represents the ratio of monthly clearings to the average for the months concerned during the five years 1926-1930. Seasonal fluctuations are, therefore, virtually eliminated. The trend has been smoothed out by taking a three months moving average. The index is adjusted to eliminate the effects of Treasury Bills and other special transactions on behalf of Governments, and the effects of bank amalgamations. No allowance has been made for normal growth or change of price levels.

§ Index not ascertainable on account of suspension of State Government banking transactions.

† From 1st Sept., and 1st Dec., 1934.

The rates in the other capital cities from 1st December, 1934, were:—Melbourne, 64s.; Brisbane, 62s.; Adelaide, 63s.; Perth, 68s.; Hobart, 66s.

NOTE.—The Commonwealth Court of Conciliation and Arbitration uses the Harvester Wage (42s. in 1907) as the basis of its awards. The foregoing rates up to February 1, 1934, inclusive, represent this wage adjusted by retail price index numbers, plus the "Powers' 3s." From February 1, 1931, to February 1, 1934, the adjusted rates were reduced by 10 per cent. by order of the Court. This reduction has been applied in calculating the rates shown above.

As from 1st May, 1934, the Court determined new basic rates without the addition of the "Powers' 3s." and rescinded the 10 per cent. reduction of wages. It decided that these rates are subject to adjustment at quarterly intervals from 1st June, 1934, but will not be varied unless the adjustment amounts to 2s. or more.

\* Information not available.

\*\* Includes Ship Stores exported overseas.

† Year ended 30th June.

Note—The exports in 1921, 1931 and 1933 include articles produced in other States of Australia. Since 1st January 1912, the Commonwealth Customs Department has classified all goods produced in the Commonwealth simply as "Australian," without distinguishing, as formerly, the particular State where they were produced.
